WHAT IS EXPERIENCE MARITIME MAINE?
Experience Maritime Maine is a partnership of maritime related organizations, businesses and coastal communities working together to promote and preserve our unique maritime culture through heritage tourism efforts.

PLEASE JOIN US!
You know a lot of stories about the Maine coast. Please share them! EMM is listening. The EMM Community Forums will be informal gatherings with the purpose of collecting stories concerning coastal communities. Your stories will help determine the topics for an audio podcast series. The podcasts will be used to tell the story of place, and to deepen the understanding of life along the Coast of Maine. Think of it as an audio tour of Maine highlighting our rich maritime traditions. Recording will NOT take place at the Community Forums. Fieldwork and recording will take place at a later date. The forums are scheduled in six coastal Maine communities from November 2015 – March 2016.

WHO IS PRODUCING THE EXPERIENCE MARITIME MAINE AUDIO STORIES?
Rob Rosenthal is a longtime documentary radio and story producer. For many years he was the director of the radio program at Salt Institute in Portland. He now works and teaches globally!

QUESTIONS?
For all questions regarding Experience Maritime Maine, contact Kathy Goldner at the Penobscot Marine Museum at 207-548-2529 x 216 or email at kgoldner@pmm-maine.org. Locally, please contact Kathleen Billings or Liz Steele at the Stonington Town Office.
